

ON ZOOM

Datasheet

With advanced zoom technology, ON ZOOM track light has a flexible light beam angle that can be manually adjusted between 6° to 60°, to produce the perfect light distribution towards objects on display. The spot is equipped with 360° rotation and 90° tilt, which allows for maximum flexibility in pan/tilt locking and free placement on the track.

Color	Beam Angle	CCT	COB flux	System power
●	8-60°	3000K	190-420lm	15W (350mA)
